

JUNIOR ACHIEVEMENT GOLF CAMPS

Alberta Golf is pleased to present the Junior Achievement Summer Golf Camps. PGA instructors will be joined by Junior Achievement volunteers for four days to teach a group of students (ages 10 to 15) how the business of golf interacts with the world of business.

A Business of Our Own Program (ABO) teaches students basic business concepts such as management, finance, productions and marketing. Games and multimedia enable students to immerse themselves in the joys and challenges of running their own business.

Instructors from the PGA of Alberta will teach students the basics of putting, chipping, specialty shots and etiquette before moving into full swing irons, hybrids and drivers. Short game competitions and on course playing lessons will help make the camp one to remember.

The camps are limited to 20 participants. Please visit albertagolfjuniors.org to register and enjoy the camps for \$200.
